INTRODUCTION AND GENERAL INDEX

R.L. POLK & CO., publishers of more than 1,300 City and Suburban Directories, presents to subscribers and the general public, this, the latest edition of the City Directory.

Confidence in the continued growth of the city's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted.

The enviable position occupied by R.L. POLK & CO.'s Directories in the estimation of the public throughout the United States and Canada, has been established by rendering the best in Directory service. With an unrivaled organization and having had the courteous and hearty cooperation of the business and professional community and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the City Directory will fulfill its mission as a source of authentic information.

FOUR MAJOR DIRECTORIES

I. THE CLASSIFIED BUSINESS DIRECTORY is the first major directory, printed on yellow paper. This directory contains a complete listing of business and professional firms and organizations within our canvass area, arranged in alphabetical order under appropriate headings. Included are: officers, owners, principals, number of employees, address and telephone number. Also included are the advertisements and business cards of firms and individuals desiring to make a more detailed presentation of their products or services. This directory represents reference advertising at its best and merits the attention of all buyers and sellers seeking sources of supply or a market for goods. In a busy and diversified community, the necessity of having this kind of information up-to-date and immediately available is obvious. The Directory is a common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL DIRECTORY is the second major directory, printed on white paper. This directory intends to show the name, spouse's name, occupation, employer, address, designation of owner-occupied homes and telephone number of each adult resident. Also included is the name, official personnel, products and services, address and telephone number of business and professional firms in the city.

III. THE STREET ADDRESS DIRECTORY is the third major directory, printed on green paper. In this directory the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business firms are arranged in numerical order under the name of each street, and the names and spouses names of the householders, as well as the names of all adult residents are placed opposite the number. Business and professional firm names also appear at their appropriate numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, telephone numbers, new householder symbols, the length of residence up to 9+ years, and zip/postal codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major directory, printed on blue paper. This directory provides the name and address of the telephone subscriber when only a telephone number is known.

PUBLISHER'S NOTE

This Polk Directory contains public information voluntarily given in an actual door-to-door canvass or through follow-up telephone calls and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

PLEASE BRING TO THEIR ATTENTION ANY INACCURACY SO THAT IT MAY BE CORRECTED IN THE NEXT EDITION. WRITE TO THE ADDRESS SHOWN ON THE PRECEDING PAGE, ATTENTION: EDIT DEPARTMENT.

COMMUNITY PUBLICITY

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence and as a business location.

The publishers appreciatively acknowledge those progressive business and professional firms who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GENERAL REVIEW

This Central Iowa community of approximately 47,000 residents offers a unique blend of small-town friendliness and convenience with the amenities of a large city for an unsurpassable quality of life. The ease of life and the abundance of enriching activities make living and working in Ames a pleasure.

Ames was developed in 1865, in anticipation of an expansion of the Cedar Rapids and Missouri Railroad. The community was named after Oakes Ames, a Massachusetts congressman who was prominent in railroad legislation and financing.

Ames is just a few miles from the geographic center of the state and only 30 miles from the state capital and Iowa's largest city, Des Moines. The rich quality of life, Ames residents enjoy results from the community's position at the heart of Iowa's cultural and educational resources, a position that holds great appeal to businesses and their employees.

Manufacturing, education, and the professions have surpassed farming as the major industrial focus of Ames. Iowa State University is the largest employer and ranks among the nation's leading research centers. It was an Iowa State University faculty member who invented the first electronic digital computer.

The headquarters of the Iowa Department of Transportation is located in Ames. The United States Department of Energy maintains the Ames Laboratory, a materials research facility, on the Iowa State University campus. The United States Department of Agriculture operates the National Animal Disease Center, the National Veterinary Services Laboratories, and the National Soil Tilth Laboratory in Ames.

These public institutions and the major businesses and industries account for a high incidence of professionals in Ames. The work force is highly educated and its strong work ethic is a powerful contributor to the vigor of the community. Story County, in which Ames is the largest community, ranks first in the state for its low poverty rate, and the Ames unemployment rate is among the State's lowest.

Ames is a progressive community. It established the nation's first municipally owned and operated resource recovery system that converts refuse into energy and recovers nonburnable materials for recycling. The city bus system earned recognition for Ames as an All America City. The public schools have been cited for excellence by the federal government.

The Iowa State Center in Ames is the site of unmatched cultural, educational and entertainment facilities. Cities many times larger than Ames would be proud to have a complex such as this.

In Ames you are only minutes away from schools, parks, shopping, big-time sports and stage entertainment, restaurants, outdoor recreation, and your workplace. Driving and parking are easy, and the prices are right. No wonder, then, that "University, Community, Opportunity" is becoming synonymous with Ames.

For more detailed information regarding the infrastructure of Ames and incentive programs for businesses wishing to locate in Ames, contact the Ames Economic Development Commission at P.O. Box 450, Ames, IA 50010, (515) 232-2310, FAX (515) 232-6716.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY

Iowa State University has emerged as a broad based university of international stature from its beginning as an agricultural college. It was created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858 and became a land-grant college in 1864 under terms of the federal Morrill Act. Iowa State was a worldwide pioneer in the establishment of agricultural studies on a college level, was the first state institution to found a veterinary school, helped move the engineering profession to its present key position in an industrial society, emphasized basic sciences, and took leadership in establishing the profession of home economics. The modern Cooperative Extension Service network grew out of the early community Farmers Institute gatherings organized by Iowa State, and the electronic digital computer was invented at Iowa State in the late 1930's by physics and mathematics professor John V. Atanasoff. It was renamed Iowa State University of Science and Technology in 1959.

Colleges within the university are Agriculture, Business Administration, Design, Education, Engineering, Family and Consumer Sciences, Graduate, Sciences and Humanities and Veterinary Medicine.

The Stanton Memorial Carillon is a memorial to Margaret McDonald Stanton, first dean of women and her husband, Edgar W. Stanton, who served the University for 50 years. The carillon has 50 bells. Brief concerts are given each week day during the academic year. Longer concerts are performed on special occasions.

A federal land-grant institution, Iowa State has a three-fold mission:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Statewide University extension services.

Total University enrollment is 25,448 students. 21 residence halls house 8,800 students, 1,170 families and 450 single students live in university apartments.

More than \$86 million was spent on research at ISU in 1987-88.

University land in Ames and throughout the State totals 8,878 acres with 1,770 acres in the main campus and recreation areas.

THE IOWA DEPARTMENT OF TRANSPORTATION

The Iowa Department of Transportation was established by legislation passed by the 65th General Assembly in early 1974 and

mandated to begin official functions July 1, 1974.

Its purpose is to assure adequate, safe and efficient transportation facilities for Iowa citizens by developing a total system which serves user needs and provides maximum economics and social benefits.

The Department includes nine divisions and a Transportation Regulation Board. The duties and responsibilities are summarized below.

ADMINISTRATION DIVISION: Provides general administrative and support services such as accounting, purchasing, information, data processing, personnel, facilities management and fleet operations.

HIGHWAY DIVISION: Responsible for project planning, design and Right-of-Way acquisition resulting in construction, and inspection of contracted primary road projects. Responsible for maintaining Iowa's primary road systems for safe usage by the public. Acts as liaison in obtaining and disbursing federal highway funds.

AERONAUTICS DIVISION: Handles aircraft and pilot licensing, aircraft registration and airport programs. Acts liaison in distributing federal aviation funding.

Central offices of the Iowa State Highway Commission in Ames, completed in 1961.

MOTOR VEHICLE DIVISION:

Responsible for vehicle registration, drivers licenses, reciprocity and prorate truck registration, motor vehicle inspection, dealer's licenses, truck regulation, traffic weight operations, and toll bridge operations.

RAILROAD TRANSPORTATION DIVISION: Responsible for safety inspection of track, research and analysis of rail system, and the state Rail Assistance Program.

PUBLIC TRANSIT DIVISION: Responsible for public transit planning and investigation of feasibility of various types of public transit. Acts as state designee for disbursement of federal mass transit funding.

RIVER TRANSPORTATION DIVISION: Coordinates use of river transportation with other transportation modes and examines potential for more efficient use of Iowa's waterways.

TRANSPORTATION REGULATION BOARD: Regulates routes and fees charged by truck and rail carriers, determines operating regulations and rules on transportation issues, changes in service, applications for public certificates of convenience and necessity.

PLANNING AND RESEARCH DIVISION: Responsible for DOT policy analysis, advance planning and determination of priorities. Collection of data to be used in transportation planning and coordination of transportation planning between state and local governments and transportation economic studies.

GENERAL COUNSEL DIVISION: Legal staff assigned from the Attorney General's office handles legal matters for the DOT.

More than 5,000 people are employed by the Iowa Department of Transportation in its various divisions. At present, the Administrative, Highway, Planning and General Counsel Divisions are headquartered in Ames.

NATIONAL ANIMAL DISEASE CENTER

The National Animal Disease Center, Ames, Iowa, is the United States Department of Agriculture's laboratory for investigation of livestock and poultry diseases that occur in the United States. These diseases rob the American farmers of approximately \$2 billion annually and decrease the supply of animal protein to the consumer.

Completed and occupied in 1961, the Center is located three miles northeast of the city. Constructed for approximately \$16.5 million, the laboratory has an annual operating budget in excess of \$80.0 million and continues to expand its research and laboratory facilities. It is the world's most modern veterinary research facility requiring as many utilities and services as a small city. Many of the animals used in various research projects are reared at the Animal Protection Unit, which is located approximately one and one-eighth miles south of the main laboratory.

The laboratory employs approximately 500 persons, one-fourth of whom are scientists—research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians

and administrative personnel are also employed. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

AMES PUBLIC SCHOOLS

As a community, Ames has been willing to commit the necessary resources to assure outstanding educational opportunities for its young people. The public school system consists of a high school, middle school, elementary schools, and a school for the mentally retarded.

Ames Senior High School

Pupil enrollment, exclusive of about 2,000 people in adult education, is 5,000. There are approximately 368 teachers and other professional staff members and 220 other personnel—secretaries, food service employees, teacher associates and custodians. The average teaching load has been kept at about 25 children per teacher, 22 children per teacher in the elementary classes. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

The Ames Community Schools consistently win prestigious national, regional and state awards for excellence in curriculum, teaching and programming. Here is a partial list of recent honors:

Elementary Science National Science Teachers' Association Award

Elementary Media Centers National Library Association Award

Junior and Senior High Awards as Exemplary Schools by the U.S. Office of Education

The Teacher On Television Program, conducted in cooperation with the Iowa State University College of Education, won third place in a national competition conducted by the Association of Teacher Education, 1986--87.

Four hundred (400) merit scholar semifinalists from 1956 through 1987.

The average composite scores of 9th and 11th grade students on the Iowa Tests of Educational Development rank at the 99th percentile.

Frequent winners in math, history, science, music and art competitions at state and national levels.

State and national recognition of the regular and special education programs.

Consistent winners of the National Council of Teachers of English writing competition.

Five Presidential Scholars since the program was initiated approximately 20 years ago.

The district received an award for Excellence in Curriculum with Distinction from the Iowa Association for Supervision and Curriculum Development in 1985 and 1986.

THE IOWA STATE CENTER

The Iowa State Center is a magnet for international performing artists, the best of Broadway, the world's leading symphony orchestra, and America's current popular entertainers. The four building complex includes C. Y. Stephens Auditorium, James H. Hilton Coliseum, Fisher Theater, and the Scheman Continuing Education Building.

C. Y. Stephens Auditorium seats 2,660 and has exceptional qualities for concerts, opera, ballet, drama and similar events.

The James H. Hilton Coliseum is the largest of the four buildings in the Iowa State Center complex. Used primarily for athletic events, it also seats 14,000 for commencement exercises, theater presentations, meetings, banquets, exhibits and displays. It also has an ice floor for hockey, ice shows and ice skating.

Fisher Theater is an intimate theater seating 424 patrons for student plays, small musical groups, lectures, dance recitals and similar programs.

The Scheman Continuing Education Building is designed to serve the approximately 30,000 persons who each year visit the campus for meetings, extension courses and conferences. It contains a 400-seat auditorium and 14 conference rooms.

The Jack Trice Field is the new football stadium adjacent to the Iowa State Center. The stadium shares parking facilities with the Center.

CONCLUSION

From the foregoing factual data, it can be seen that Ames offers many advantages--social, economic and educational. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or industry.

YELLOW PAGES

HOW TO MAKE THE YELLOW PAGES WORK FOR YOU

Turn to the page with your listing. Then pick the business that interests you most, sells what you want, or whose location is nearby.

Check out the addresses. Because knowing them can help you plan your shopping trips. And if you already know where a store's located, but don't know the name. . . simply scan the addresses in the listing. You're bound to come across the place you want.

When you want to find a brand name product or service, look for that brand in the appropriate listing. You'll find a list of dealers who carry the brands you're seeking.

Look for other valuable information. The Polk Yellow Pages tells you who's buying, selling, renting or repairing. As well as important information about that company and its products and services.

When you're looking up any of the hundreds of items in the Polk Yellow Pages, these guidelines will help you find them faster & easier. You'll save gas and time.
